## History Class

Brooklands offers a great deal of both, especially at their American car event.

Summer definitely seems a long way away right now, but here are some sun-drenched shots from the American Car Day at Brooklands, way back in August. The vintage surroundings always add a back-in-time atmosphere, and who wouldn't

like to take advantage of the shade offered by the wingspan of an aircraft? This is always a popular venue for events, especially given its catchment area, so stay tuned to [www.brooklandsmuseum.com](http://www.brooklandsmuseum.com) for forthcoming 2017 dates!
